## RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

Valentine's Day is around the corner! Let us help you look and feel your best.

### Introducing The Uplift™ to Naples

Dr. Anurag Agarwal, one of our board certified facial plastic surgeons, has been modifying his facelift technique over the past 4 years, and feels that The Uplift™ offers an ideal solution for tightening the jawline and upper neck. The beauty of this procedure is that it offers dramatic results, with about a one week recovery. The Uplift™ is performed under local anesthesia, and takes about 2½ hours to perform. There are no drains involved.

This type of a facelift does not replace the need for an endoscopic midface lift or a quadraplanar neck lift in the appropriate patient. An individual consultation is essential to determine if you are a candidate for this new procedure. Please check out our website to view the videos featuring The Uplift™ by Dr. Agarwal.

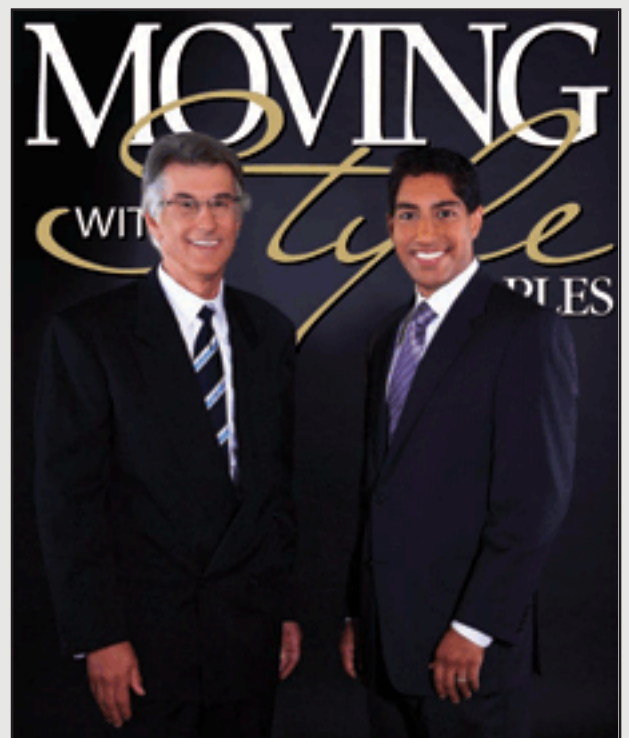

Please call 239-594-9100 to schedule your treatment!

## RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

### Radiesse Used to Plump Up Skeletal Hands

Aging hands can be a dead give-away as to one's age, especially after having facial rejuvenation surgery. Radiesse can be injected into the hollows of the hands to plump them up, lasting about one year.

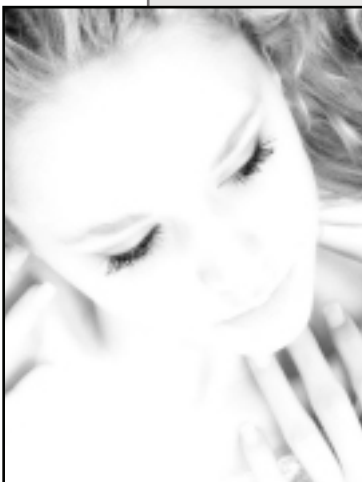

### Look Your Best for Valentine's Day with Injectables

Injectables such as Botox, Restylane, Juvederm, Radiesse, and Artefill can refresh your appearance just in time for Valentine's Day!

All treatments are Physician Administered, from our double board certified Facial Plastic Surgeons.

### MD Lash Factor can significantly lengthen your eyelashes

MD Lash Factor has been used by our staff to lengthen their eyelashes, and they are thrilled with the results.

Lashes will appear longer and thicker within one month of using MD Lash Factor, once a day. Call Sharon or Brandi, our licensed aestheticians, for more information at 239-594-9100.
