RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

In-office seminar and live laser demonstration!

April 13, 2011 @ 5:30 PM

Dr. Maloney and Dr. Agarwal will present contemporary approaches to restoring and enhancing the face at our office seminar (Wednesday, April 13, 2011). This is the ideal way to meet the doctors, staff, and learn about the options available to improve your appearance. Dr. Agarwal will perform a live light erbium laser peel after the powerpoint presentation.

Call to RSVP. We look forward to seeing you soon!

Join us on May 10th for Artefill Day!

Artefill is the longest lasting FDA approved wrinkle filler. Once injected deeply below the wrinkle, the collagen in Artefill acts as a temporary filler for immediate wrinkle correction. As your body absorbs the collagen, the microspheres remain in place and your body's own new collagen is deposited on the surface of the microspheres. Your skin's new collagen is what provides long-lasting, natural feeling wrinkle correction.

On May 10, 2011, the first syringe will be priced at \$1,000, the second at \$900, and the third at \$800. The normal price for Artefill is \$1,500 per syringe. Please call us to schedule your skin test (which are complimentary) by April 10th and reserve your space for May 10, 2011. This special price is only good on May 10th.

Take advantage of Allergan's Duet Program

Good through May 31, 2011

Save \$75 if you are treated with Botox Cosmetic (minimum of \$200) AND Juvederm Injectable Gel (minimum of \$400) during the same office visit.
