## RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

### Beachside Seminar at the Ritz : January 14th, 2011

Our first beachside seminar of 2011 takes place on Friday, January 14th, 2011 at noon at the Ritz Carlton Beach Resort. Please join us and bring a friend to learn about contemporary approaches to restoring and enhancing the face and body.

Dr. Richard Maloney and Dr. Anurag Agarwal, board certified Facial Plastic and Reconstructive Surgeons, and Dr. Luciano Boemi, board certified by the American Board of Plastic Surgery, will cover techniques to rejuvenate the face and body. There is a Q and A session and an opportunity to meet our doctors at the end of the presentation.

Please call 239-594-9100 to RSVP. We look forward to seeing you!

### Bring in the new year with fresh new skin!

The value of medically directed skin care cannot be underestimated. Radiant skin is often the first thing that people notice when meeting you for the first time. A therapeutic skin care program including glycolic acid based products, comprehensive sunscreen, Retin-A, and Signature Skin moisturizer can make molecular changes in skin cells that translate into smooth, clear skin.

When sun damage is extensive, complementary procedures such as LaserWash or BBL/IPL techniques can jump start the process. Then topical skin care is used to maintain the results.

### Welcome Audrie to our Face Spa team!

The Aesthetic Surgery Center is pleased to announce the addition of Audrie Newhouse as our newest licensed aesthetician. She has extensive experience in treating problematic skin and applying make-up for special events. Audrie understands the challenges that our Florida climate presents and her goal is to help her patients put their best face forward!

Sharon Panella served as a Florida educator at the Florida Health Academy in Naples until she joined the Aesthetic Surgery Center in 2005. Since then, she has led the Face Spa team and has been offering a customized physician directed skin care regimen to patients of all ages and skin types.
