RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

Join us on May 10th for Artefill Day!

Artefill is the longest lasting FDA approved wrinkle filler. Once injected deeply below the wrinkle, the collagen in Artefill acts as a temporary filler for immediate wrinkle correction. As your body absorbs the collagen, the microspheres remain in place and your body's own new collagen is deposited on the surface of the microspheres. Your skin's new collagen is what provides long-lasting, natural feeling wrinkle correction.

Unlike temporary fillers which are made with materials that are absorbed by the body over the course of a few months, Artefill's unique microsphere-enhanced collagen delivers a lasting solution. An initial skin test in the forearm must be performed to rule out an allergic reaction. Then, at least one month later, the first Artefill injection can be performed in the face. Most patients do another injection session 3 to 6 months after the first, followed by additional filler as needed 1-2 years later, for a gradual long term build-up effect.

On May 10, 2011 only, the first syringe will be priced at \$1,000, the second at \$900, and the third at \$800. Skin tests (which are complimentary) must be completed by April 10, 2011. The normal price for Artefill is \$1,500 per syringe. Please call us to schedule your skin test and reserve your space for May 10, 2011. This special price is only good on May 10th.

Restylane/Perlane Rewards Rebate

Good through March 31, 2011

If you have 2 or more syringes of Restylane injected, you will receive a rebate worth \$50 off each syringe. If you have 1 syringe of Perlane injected, you will receive a rebate worth \$65 off each syringe.

Please call today (239) 594-9100 to schedule your treatment prior to March 31, 2011. Rebates may be submitted by April 30, 2011.

Buy one Latisse kit, get the second free!

Offer expires through April 30, 2011

Latisse is an FDA approved prescription strength topical solution to lengthen and thicken your eyelashes. When one of our doctors writes a prescription for Latisse for you, you will receive a rebate form for a free kit of Latisse redeemable after you have purchased the first kit. Take advantage of this offer through April 30, 2011.
