November 2006

RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

Juvederm Flows Smoother!

Drs. Agarwal and Maloney have completed their participation in the Juvederm Experience Trial (JET). "The material has a smoother feel than Restylane," according to Dr. Agarwal.

Because of their extensive experience with injectable fillers, the physicians at the Aesthetic Surgery Center will be offering Juvederm treatments to their patients starting November 1st, 2 months prior to general release to other physicians in January of 2007. This is the perfect "quick-fix" before the holiday season. You will look and feel refreshed, all with minimal down time!

Dr. Agarwal Featured on Wink TV!

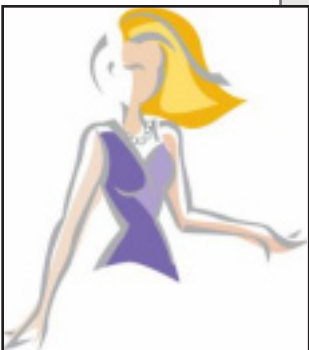

"Buddy Plastic Surgery"

Dr. Agarwal was featured on October 20, 2006 on the Wink TV evening news during a story on the rising number of companion surgeries. "It is all about looking as good as you feel."

According to a recent survey by the American Academy of Facial Plastic and Reconstructive Surgery, surgeons report a 34% increase in the number of couples undergoing surgery together and a 21% increase in the number of mothers and daughters undergoing surgery together.

Injectable Special!

From now through December 31st, 2006, any new patient who has an injectable treatment (Botox, Collagen, Restylane, Juvederm or Radiesse) will receive a complimentary cleansing facial in the Face Spa.

In addition, if one of our existing patients refers the new person to our practice, that existing patient also qualifies for a free cleansing facial. The injectable treatment must be completed by December 31st. The referring patient can only get their facial after the new patient has had their injectable administered. If two new injectable patients are referred by one existing patient, then the existing patient qualifies for two facials!
