### Dr. Maloney and Dr. Agarwal Lecture at the 46th AAFPRS meeting

Our nationally recognized facial plastic surgeons, Dr. Maloney and Dr. Agarwal, were recently invited to lecture and educate colleagues about the Endoscopic Mid-Face Lift. They taught an instruction course at the 46th annual American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS) meeting in San Francisco, CA.

The endoscopic mid-face lift is a technically challenging procedure that our surgeons perform routinely. It is a procedure that rejuvenates and volumizes the mid portion of the aging face.
