RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

Seeking Volunteers for New Permanent Lip Implant

In our practice, using one's own muscle from the back of the neck and transplanting this into the lips has offered permanent, natural results. For those individuals who wish to have a permanent implant placed in the office as an isolated procedure, without having to have the muscle harvested, we will be trying a new product called the Perma Facial Implant.

This is a soft, solid silicone implant that is FDA approved for facial soft tissue augmentation. We are looking for volunteers who would like permanent lip augmentation, performed as a surgical procedure under local anesthesia in the office. If you are interested in being a volunteer, there is no charge but a consultation with one of our facial plastic surgeons is required first, to determine if you are an appropriate candidate. Only 3-4 patients will be selected.

Naples Plastic Surgery Seminar : September 10th

Please join us for a unique opportunity to hear our doctors' sub-specialized contemporary approaches to restoring and enhancing the face and body.

On September 10, 2009, from 5:30 to 6pm, refreshments will be served. From 6pm to 7:15pm, Drs. Maloney, Agarwal, and Boemi, will present a powerpoint presentation highlighting state-of-the-art plastic surgery techniques. From 7:15pm to 8pm, there will be a live arctic peel laser demonstration.
