Click below to read about three ways to enhance your cheeks...

One of the three "landmarks" of the face, the cheeks provide proportion and structure to the overall look of the face. Many patients whose landmarks (the chin, nose, and cheeks) are not balanced may be unsatisfied with their appearance. The cheekbones may be too shallow, for example, leaving the face looking flat or even hollow over time. By enhancing the cheeks in any of the following ways, patients can see improved results for facial contour. Learn more about cheek augmentation, fillers, and fat transfer to understand all of your options. Click the link below to read more!

## **A Back Facial is perfect for summer time!**

A back facial is a spa treatment by one of our licensed aestheticians to help clear up the

skin on your back, which is perfect for summer time, the season of backless dresses and bathing suits. The treatment includes a deep cleansing with steam, followed by a clarifying mask to help with extractions. A salicylic acid application also assists with exfoliation of dead skin cells and to promote new cell growth. Have a healthy, glowing back this summer! Please call 239-594-9100 to schedule your treatment.

## **\$35 Restylane Rebate Program...**

Between now and December 31, 2014, if you purchase a Restylane treatment, you will receive a \$35 Rebate Claim Form for each 1 mL syringe used, up to a maximum of 5 mLs per patient. You would receive the form at our practice, mail it in with your receipt to the Restylane Rebate Program, and then receive a \$35 rebate check back from Valeant Aesthetics.

## **Enjoy the new Trifecta Facial!**

The Trifecta Facial was designed by our physicians and aestheticians at the Aesthetic Surgery Center as a triple age defense treatment (Dermaplaning,

microdermabrasion, vitamin C firming masque).

1. First, dermaplaning is done to remove unwanted hair and peach fuzz.
2. Second, microdermabrasion is performed to exfoliate dead skin cells and create new cell turnover, coupled with a 20% glycolic peel to lower the pH of the skin and tighten pores.
3. The treatment is finished with a vitamin C firming masque to combat the effects of sun damage and reveal glowing, more youthful skin.

Please call us at 239-594-9100 to experience the new therapeutic Trifecta Facial!
