

THE AESTHETIC SURGERY CENTER

ANURAG AGARWAL, MD, FACS | RICHARD W. MALONEY, MD, FACS | KIRANJEET GILL, M.D.

November 2016

## RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

Dr. Agarwal takes top score in the United States on the American Board of Facial Plastic and Reconstructive Surgery Maintenance of Certification Exam (ABFPRS MOC)

The Aesthetic Surgery Center is proud to announce that Dr. Anurag Agarwal earned the highest score in the United States on the oral and written portions of the 2016 ABFPRS MOC examination. Dr. Agarwal was honored at the annual American Academy of Facial Plastic and Reconstructive national meeting in October 2016 for this accomplishment. He is the 5th recipient of the annual "Maintaining Excellence in ABFPRS Certification Award".

Since 2001, surgeons who are board certified by the American Board of Facial Plastic and Reconstructive Surgery (ABFPRS) must participate in the Maintenance of Certification (MOC) process every ten years in order

to recertify. 42 board certified facial plastic surgeons took the exam in 2016.

When asked about the MOC process by the Facial Plastic Times, Dr. Agarwal provided his view: “The public has very high expectations of surgeons certified by the ABFPRS, both in terms of skill set and integrity. The MOC process helps patients ensure that their ABFPRS certified surgeon has demonstrated the requisite knowledge on a regular basis to meet the rigorous standards set forth by the ABFPRS.”

Thank you to all those who joined us for our Open House celebration!

Dr. Anurag Agarwal, Dr. Richard Maloney, and Dr. Kiran Gill and the entire staff at the Aesthetic Surgery Center would like to thank all those who made our open house celebration such a special event. It was a magical evening for us and for those who could not attend, we welcome you to visit our new facility.

Thank you for the continued confidence you have expressed in us and we look forward to seeing you soon!

Aesthetic Surgery Center is excited to be one of the first practices in southwest Florida to offer Juvederm Volbella for treatment of fine lip lines!

Juvederm Volbella® is a new, FDA approved hyaluronic acid (HA) filler specifically formulated to treat fine upper lip lines, that lasts up to one year. The innovative dermal filler is manufactured by Allergan, producers of Botox® Cosmetic, Juvederm® injectable gel, and Voluma®. It is made of a lower concentration of HA, enabling more superficial placement.

The Aesthetic Surgery Center has been chosen by Allergan as one of the first practices in southwest Florida to offer this treatment. Volbella® can restore volume to the lips, create a clear lip border, and soften lip lines (also known as smoker's lines or lipstick lines). There is minimal discomfort or recovery time.

Please call 239-594-9100 to schedule your Volbella® appointment with one of our skilled plastic surgeons, Dr. Agarwal, Dr. Maloney, or Dr. Gill.
