RENAISSANCE REVIEW

Imagine the Look, Create the Dream...

Happy Holidays to you and your family!!!

Aesthetic Surgery Center achieves prestigious accreditation from the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF)!

With the construction of our new state-of-the-art facility including operating room, **patient safety** remains our top priority at the Aesthetic Surgery Center (ASC). We are proud to have met all requirements of the American Association for Accreditation of Ambulatory Surgery Facilities (AAAASF) in achieving full accreditation. Knowing that a facility is accredited by AAAASF assures you that extra steps were taken to foster a safe environment for your medical or surgical care. These facilities must pass a rigorous evaluation process and comply with 100 percent of AAAASF standards for patient safety. AAAASF provides official recognition to facilities that have met 100% of its high standards.

As an accredited facility, Aesthetic Surgery Center has complied with the most stringent set of applicable standards available in the nation and met AAAASF's strict requirements for facility directors, medical specialist certification and staff credentials. ASC has passed a thorough survey by a qualified AAAASF surveyor. We are proud of our designation and commitment to your personal

care. We hope that you will continue to trust us with all of your plastic surgery needs.
