

AESTHETIC SURGERY CENTER

ANURAG AGARWAL, MD, FACS | RICHARD W. MALONEY, MD, FACS | WILLIAM A. ROSS, MD

1175 Creekside Parkway, Suite 100, Naples, FL 34108 | (239) 594 9100 | www.aestheticsurgerycenter.com

This beautiful 64 year old woman wanted to reduce some of the normal age-related changes that she was seeing. Dr. Agarwal performed an endoscopic forehead and brow lift, fat transfer to the cheeks, Uplift™ lower face and neck lift with platysmaplasty, and fractional CO2 laser resurfacing of the lower eyelids, frown lines and upper lip lines. Her 5 month post-op photos demonstrate how these subtle enhancements highlight her beautiful facial features. Notice how the eyebrow symmetry has been restored, cheek volume enhanced, and jawline and neck contoured naturally. She is thrilled with her results!

Skinceuticals C E Ferulic serum is a potent topical antioxidant. Antioxidants function by absorbing damaging free radicals that are found in the skin due to pollutants and sun

damage. With repeated use, the C E Ferulic serum can brighten and diminish pigmentation. Most importantly, it is your skin protection product.

Skinceuticals Resveratrol B E is a first-of-its-kind night treatment that works by inhibiting excess pigment production in the skin and reducing the inflammation in the skin that causes you to produce excess pigment. This is a non-prescription treatment that will reduce hyperpigmentation, leading to more even skin tone and radiance.

Combining the Skinceuticals C E Ferulic and Skinceuticals Resveratrol B E gives a synergistic defense against sun damage and improves excess pigmentation in the skin. By reducing the oxidative stress on the skin, this power couple gives you healthy skin.

From now through December 31, 2020, receive 30% off Skinceuticals Resveratrol BE with your purchase of Skinceuticals C E Ferulic.

Skinceuticals C E Ferulic: \$166

Skinceuticals Resveratrol B E: \$153 - 30% = \$107
