Dr. Casey Holmes proceeds with another liposuction success story!

This patient is shown before and 4 weeks after Dr. Holmes performed VASER® Liposuction of the abdomen, flanks, axilla, and entire back area, to help improve her waistline contour and overall shape. She is already back to her active lifestyle and is thrilled with her results.

Please call 239-594-9100 to schedule your VASER® Liposuction consult with Dr. Holmes and target those hard to treat fatty areas.

Twin rhinoplasty patients!

According to Dr. Agarwal, "I'm incredibly lucky to have patients like these beautiful twins, who generously gave their time and provided insightful comments about their rhinoplasty experience during a recent commercial video shoot." They were both self-conscious about their noses and trusted Dr. Agarwal to deliver outstanding rhinoplasty results.
