Uplift™ with rhinoplasty by Dr. Agarwal

## Can a rhinoplasty be performed with a facelift? What's the advantage of having multiple facial procedures performed during one surgery?

Many patients ask whether multiple facial procedures can be performed simultaneously. For example, eyelids with neck lift, facelift with rhinoplasty, fat transfer with CO2 laser resurfacing....

In general, most procedures have about 2 weeks of initial downtime so having them performed at the same time limits the amount of overall downtime you will have. For example, if procedures are performed in 2 sessions, you would need 2 weeks downtime for one surgery and another 2 weeks downtime for the second surgery. However, having both procedures performed together limits the downtime to roughly 2 weeks.

The above patient is 7 months after an Uplift™ lower face and neck lift with rhinoplasty and thrilled with her results! She is a 57 year old woman who wanted to improve the

appearance of her nose and neck. She had a prior skin cancer removed from her nose with resulting scarring and removal of vital tip tissue, as well as having thick skin over the nasal tip. Her jowls and neck laxity were compounded by drooping, large submandibular glands. She is shown before and after complex external rhinoplasty with cartilage grafting and an Uplift™ lower face and neck lift with platysmaplasty and reduction of her submandibular glands.

### **Body Rejuvenation Treatment VALENTINE'S DAY SPECIAL!**

Skin treatments for the body can help to restore a youthful, smooth complexion to your arms, legs, and torso. All too often, skin on the body can lose its healthy glow and can benefit from enhanced cell turnover and moisturization. At the Aesthetic Surgery Center, our aestheticians will perform a Himalayan Crystal Salt Glow first, which will

exfoliate and remove any dry, dead skin. This is then followed by a Gemstone Clay Body Mask, in which the clay mud helps with skin hydration, detoxification, and rejuvenation. Both of these treatments are coupled with hot gemstone therapy using the TAJ mat.

The TAJ mat enhances your local circulation and relaxes your muscles and joints. The TAJ MAT uses Hot Gemstones, Far Infrared, Negative Ions, Photon Lights, and PEMF.

TAJ stands for Tourmaline, Amethyst, and Jade.

Each treatment includes:

1. A body treatment with both Himalayan Crystal Salt and Clay Body Mask
2. 30 minutes of the TAJ 360 heat wrap
3. European Facial
4. Application of Firm & Tone Lotion with express Full Body Swedish Massage
5. Skin Medica Firm & Tone full size lotion for the body is included at no cost to take home for post-treatment care (Value of \$166.00)

If 1 session of the above treatments is purchased individually, price is \$650 per session (includes the facial, 30 minutes in the TAJ wrap, and the salt/mud body treatment).

AS A VALENTINE'S DAY SPECIAL FOR THE MONTH OF FEBRUARY 2023, IF YOU PURCHASE ONE TAJ BODY MASK TREATMENT AT REGULAR PRICE, YOU WILL RECEIVE 50% OFF YOUR SECOND TREATMENT. THIS IS A \$325 SAVINGS OFF YOUR SECOND TREATMENT.

If you are interested in learning more about this body skin rejuvenation treatment or would like to treat yourself or your loved one to this Valentine's Day Special, please call 239-594-9100.
