

AESTHETIC SURGERY CENTER

ANURAG AGARWAL, MD, FACS | RICHARD W. MALONEY, MD, FACS | CASEY HOLMES, MD

1175 Creekside Parkway, Suite 100, Naples, FL 34108 | (239) 594 9100 | www.aestheticsurgerycenter.com

As a facial plastic surgeon, my surgical technique and style derive from what I have learned from my mentors and the results I have seen from the patients who have trusted their faces to me.

One of those mentors, Dr. Maloney, is shown here, before and 8 months after upper eyelid blepharoplasty, permanent cheek implants, Uplift™ lower face and neck lift with platysmaplasty, and fractional CO₂ laser resurfacing of the lower eyelids. Notice how he still looks masculine, yet refreshed. The cheek implants have restored his cheek volume in a permanent fashion, his upper eyelid creases are now visible and not obscured, and his neck line has been rejuvenated. Incisions around his ears are well concealed and there is no hairline distortion.

When executed properly, male facelift surgery can be highly rewarding and undetectable, as demonstrated in this patient. Men want to look their best too.

Trust your face, Trust your form to our plastic surgery specialists.

If you would like to schedule a consultation for this type of procedure, please call us at 239-594-9100.

VASER® ☐☐☐☐ Liposuction is a cosmetic procedure that uses ultrasound technology to gently break down fat cells allowing for more improved shape, better contour, and definition of the treated areas. The **VASER®** ☐☐☐☐ liposuction has been shown to have a powerful effect on tightening the skin compared to traditional techniques. **VASER®** ☐☐☐☐ liposuction can be performed in many different areas of the body.

Before:

This patient gave Dr. Casey Holmes the privilege of helping meet her goal of a flatter and more contoured abdomen. Dr. Holmes performed liposuction of the full abdomen area and the bilateral flanks to help improve her overall shape.

After:

3 Months after the surgery, the patient was back to her active lifestyle and was very happy with her results. She says she couldn't be more pleased with her results and feels confident now. Dr. Holmes was happy to help her in this process.

* All patients are unique and individual results may vary.

LIPOSUCTION BY DR. HOLMES

ToxBoost Tuesday!

On Tuesday, June 13, 2023, exclusively with Dr. Holmes and our clinical aestheticians, receive 10% off same day Vi-peel and BOTOX®.

Same day ToxBooster treatment is clinically proven to improve wrinkles and sun damage.

BOTOX® is the most common non-surgical cosmetic treatment in the United States among both men and women. On Tuesday, June 13, 2023, receive 10% off your BOTOX® treatment when combined with the Vi-Peel Precision Plus.

VI-Peel Precision Plus is our most popular treatment. This medium-depth powerhouse peel works to suppress the production of melanin at the source, while promoting rapid cell turnover for more even and brighter skin tone. Cost per peel is \$450.00. On Tuesday, June 13, 2023, the discounted price with the combination of BOTOX® is \$400.00.

Benefits of BOTOX® patients prepped with VI-Peel:

- **REDUCED BRUISING** - Phenol works as a vasoconstrictor to prevent bruising.
- **REDUCED INJECTION PAIN** - Phenol works as topical anesthetic - no numbing cream needed.

Dr. Holmes is a Board Certified Plastic Surgeon, certified by the American Board of Plastic Surgery. His philosophy is best summarized by his own statements: "I treat all my patients like I treat my own family members. I want them to be happy with themselves and will work with their goals and desires to give them the best and safest results possible."

Please call 239-594-9100 to schedule your appointment for ToxBoost Tuesday!

3D Areola Restoration Tattoo:

Beautiful breasts are a symbol of femininity. After breast cancer surgery, many women lose self-confidence due to the surgical changes to their breasts.

Our permanent makeup artist, Ilaria, has mastered 3-dimensional areola tattoo restoration. 6 months after breast surgery, an areola with a natural appearance is pigmented around the nipple. The shade is matched with its ideal tone.

The two patients depicted above are just a few examples of Ilaria's work. Thanks to Ilaria, these women have renewed self-confidence and a higher quality of living.

Please call 239-594-9100 to schedule your permanent makeup consultation with Ilaria!
