COMPETITION

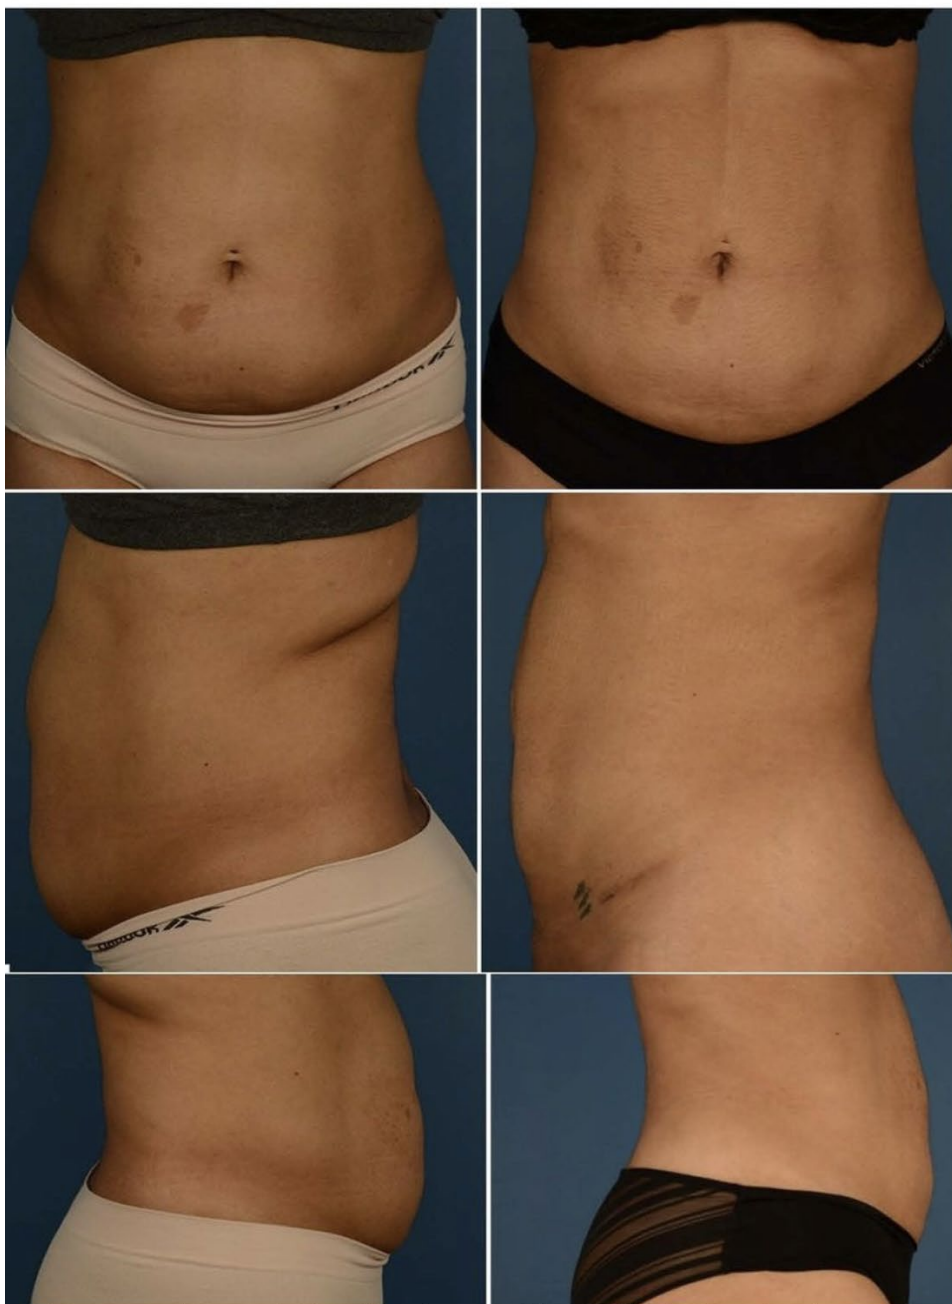

This is a 70 year old woman with thin skin and thin face who didn't like the lines on her cheeks. She left it in Dr. Agarwal's hands to help her look her best. She is shown before and 1 year after Dr. Agarwal performed permanent cheek augmentation with cheek implants, endoscopic forehead and brow lift, fat transfer to the tear troughs under her eyes, and an Uplift™ lower face and neck lift. She is also 9 months after full face fractional CO₂ laser resurfacing to improve wrinkles and skin texture.

This is an example of the perfect combination of procedures, starting with structural augmentation and face lifting, and ending with full face laser resurfacing to rejuvenate the skin. Note how her cheeks have been permanently volumized, wrinkles have been improved, skin texture and tone are radiant, eyes are refreshed and less hooded, and her jawline and neck restored. Long term results matter.

If you would like to consult with one of our surgeons, please call 239-594-9100 to set up your appointment.

Patient: 40-year-old mother
Procedure Type: Liposuction & Renuvion®
Amount of Fat Removed: 700cc

Another success story thanks to Dr Holmes! This 40 year old mother had excess fatty tissue of her trunk and extremities. Dr. Holmes performed VASERÂ® liposuction surgery of the flanks, axilla, abdomen, back, inner thighs and arms followed by RenuvionÂ® skin tightening to give her the definition that she desired. This is true artistry as Dr. Holmes must sculpt the body three dimensionally.

Treated areas typically look firmer and toned with a reduced crepe-like appearance immediately following RenuvionÂ® treatment. The skin continues to tighten and smooth for 6 to 9 months as new collagen forms and the original collagen remodels.

If you are interested in consulting with Board Certified Plastic Surgeon, Dr. Casey Holmes, please call 239-594-9100.

Body Rejuvenation Treatment SUMMER SPECIAL!

Skin treatments for the body can help to restore a youthful, smooth complexion to your arms, legs, and torso. All too often, skin on the body can lose its healthy glow and can benefit from enhanced cell turnover and moisturization. At the Aesthetic Surgery Center, our aestheticians will perform a Himalayan Crystal Salt Glow first, which will exfoliate and remove any dry, dead skin. This is then followed by a Gemstone Clay Body Mask, in which the clay mud helps with skin hydration, detoxification, and rejuvenation. Both of these treatments are coupled with hot gemstone therapy using the TAJ mat.

The TAJ mat enhances your local circulation and relaxes your muscles and joints. The TAJ MAT uses Hot Gemstones, Far Infrared, Negative Ions, Photon Lights, and PEMF.

TAJ stands for Tourmaline, Amethyst, and Jade.

Each treatment includes:

1. A body treatment with both Himalayan Crystal Salt and Clay Body Mask
2. 30 minutes of the TAJ 360 heat wrap
3. European Facial
4. Application of Firm & Tone Lotion with express Full Body Swedish Massage

If 1 session of the above treatments is purchased individually, price is \$550 per session (includes the facial, 30 minutes in the TAJ wrap, and the salt/mud body treatment).

AS A SUMMER SPECIAL THROUGH SEPTEMBER 30, 2024, A PACKAGE OF 3 TAJ BODY MASK TREATMENTS CAN BE PURCHASED FOR \$1250. THIS IS A SAVINGS OF \$400 OFF OF THE REGULAR PRICE FOR 3 TREATMENTS (\$1650).

If you are interested in learning more about this body skin rejuvenation treatment or would like to treat yourself or your loved one to this Summer Special, please call 239-594-9100.
