Summer Breast Augmentation Special for our Southwest Florida residents!

Thinking about breast augmentation? This is the perfect time.

This summer (through August 31, 2025), Dr. Holmes and Aesthetic Surgery Center are offering a Buy One Implant, Get the Second Free special—exclusively for Southwest Florida residents! Normally the fee for actual breast implants (not including the surgeon's fee or facility or anesthesia) is \$2500. Through August 31, 2025, that fee will be \$1250!

Whether you're getting ready for beach days or just want to boost your confidence, please call 239-594-9100 to schedule a consultation with Dr. Holmes to explore your options!

Rhinoplasty with chin implant by Dr. Agarwal

Profile balancing using rhinoplasty and chin augmentation by Dr. Agarwal

This is a 29 year old woman who wanted to improve her nasal appearance and size due to a bulbous nasal tip, dorsal hump and over-projected nose. She consulted with rhinoplasty specialist, Dr. Anurag Agarwal, in Naples, FL. Dr. Agarwal recommended a rhinoplasty to give her a more feminine nose and a chin implant to improve chin projection, thereby balancing her profile.

She is shown before and 1 year after Dr. Agarwal performed a complex rhinoplasty with cartilage grafting and chin augmentation with a silastic permanent chin implant. Her nose is more refined and fits her facial features, while the improved chin projection simultaneously makes her nose look less projected forward. Attention to detail is the hallmark of Dr. Agarwal's surgical approach.

NEW Advanced RGN-6

Regenerative Cream to Visibly Reverse Aging and Skin Tone Damage
Physician Tested Post-Laser

Introducing Advanced RGN-6 by SkinCeuticals: A daily moisturizer that will specifically help combat damage from UV sun rays this summer.

Advanced RGN-6 is a potent skin regenerating cream inspired by laser regeneration science, designed to visibly reverse 6 signs of aging and skin tone damage. This patented formula is powered by 6 synergistic actives (1% Eperuline, 0.2% Ectoin, 10% Glycorepair, 0.2% Bioceramide 603, 3% Acetyl Tetrapeptide-9, and 2% Niacinamide) for 6 dimensions of rejuvenation and helps address key aging signs of visible redness, post-acne marks, dark spots, wrinkles, firmness and smoothness, with results visible starting in just 1 week.

Advanced RGN-6 is developed to be used both as part of a daily skincare routine, and alongside in-office laser procedures. With summer upon us and potential for damage from UV rays, Advanced RGN-6 aids the skin in appearing less rough, smoother and more hydrated. It can be used on all skin tones.

Advanced RGN-6 costs \$195.50. Please call 239-594-9100 or stop by our office to incorporate this exciting new product into your skin care regimen.
